

Operating loan with state guarantee for major exporting companies “Kontrollbank Credit Line”

Your situation

You are an Austrian company exporting capital goods or services and qualify as a large enterprise according to the EU's definition:

- with more than 250 employees OR
- more than 50 million EUROS of annual turnover AND a balance sheet total of more than 43 million EUROS OR
- at least 25% of the shares owned by a large company

You are interested in having an operating loan for financing your production period and the repayment periods with sustainably favourable conditions. You are looking for a reliable risk partner to gain financial leeway with your bank.

Your solution

With the Kontrollbank Credit Line (KCL/KRR), you get access to an attractive framework credit. Up to 25% of your company's last year's export turnover determines the credit limit.
